Assisted Hatching	•	•	•
One embryo transfer	•	•	•
Donor medication	•	•	•
Recipient medication		•	•
Vitrification of embryos and one year of storage		•	•
Sperm preparation, including cryopreservation		•	•
One shuttle from the airport		•	•
Microfluidic Sperm Sorting Chip			•
Time-lapse embryo monitoring (GERI)			•
PAYMENT			
Payment on the day of the start of treatment	2 000 €	2 000 €	2 000 €
Payment after selection of the donor	2 600 €	2 600 €	2 600 €
Payment on the day of egg retrieval from the donor	800 €	1 200 €	1 600 €

IVF cycle with donated embryo
1 600 €

The package includes the initial consultation, medication costs and the preparation of the donated embryo recipient, frozen embryo transfer of the donated embryo.

Payment on the day of donated embryo reservation
1 000 €
Payment on the day of embryo transfer
600 €
Frozen embryo transfer
750 €

IVF TREATMENT

Intrauterine insemination (IUI)	600 €
Native cycle	1 000 €
The package includes the initial consultation, treatment planning, ultrasound examinations, spermogram and preparation of the sperm, oocyte retrieval and embryo transfer. (Does not include STD's tests and additional laboratory methods above the scope of the package).	
IVF cycle	2 850 €
The package includes the initial consultation, treatment planning, ultrasound examinations, STD's (sexually transmitted diseases) blood testing, oocyte retrieval, spermogram and sperm preparation, ICSI, embryo cultivation up to 72 hours, embryo transfer. (Other laboratory methods are optional and are not included in the package. The medication costs and embryo cryopreservation fee are not included).	
Payment on the day of the start of treatment	1 000 €
Payment on the day of the oocyte retrieval	1 000 €
Payment on the day of the embryo transfer	850 €
Social freezing	1 600 €
The package includes treatment planning, ultrasound examinations, oocyte retrieval, oocyte vitrification and storage for 3 years (medication costs are not included in the price).	
Payment on the day of the start of treatment	1 000 €
Payment on the day of the oocyte retrieval (only if it is successful)	600 €
IVF cycle after Social freezing	1 500 €
The package includes medication for embryo transfer preparation, ICSI, prolonged embryo cultivation, time-lapse embryo monitoring (GERI) and embryo transfer. (Other laboratory methods are optional and are not included in the package. Vitrification of non-transferred embryos is not included).	
Payment on the day of oocytes thawing	1 000 €
Payment on the day of embryo transfer	500 €
Frozen embryo transfer	750 €

LABORATORY METHODS

ICSI (intracytoplasmic sperm injection)	450 €
Time-lapse embryo monitoring (GERI)	220 €
Prolonged embryo cultivation (over 72 hours)	220 €
Assisted hatching	220 €
EmbryoGlue	200 €
Embryo vitrification/oocyte vitrification (1 year storage included)	460 €
Sperm cryopreservation (1 year storage included)	300 €
1 year fee for oocytes/embryos/sperm storage	130 €
Sperm DNA fragmentation test and sperm oxidative stress (spermiogram is included)	220 €
Microfluidic Sperm Sorting Chip	270 €
Meiotic spindle visualization	170 €

ADDITIONAL SERVICES

Initial consultation	90 €
Ultrasound examination	90 €
Preoperative examination	200 €
Anti-Müllerian Hormone Test (AMH)	60 €
Hormonal profile test: E2, FSH, LH, PRG, TSH, ft4, aTPO, PRL, and a blood type	110 €
Sexually transmitted diseases (STD's)	60 €
Spermiogram	60 €
Donated sperm from sperm bank	300 €
Administrative costs associated with the transport of biological material (without transport)	160 €

IMMUNOLOGY

Initial consultation	90 €
Basic immunology examination	430 €

GENETICS

Initial consultation	90 €
Biopsy of the embryo for PGT	500 €
PGT examination package for IVF cycle (inc. laboratory methods)	1 400 €

The package includes embryo vitrification, time-lapse embryo monitoring GERI, prolonged embryo cultivation, assisted hatching, and embryo biopsy. The package does not include PGT examination of embryos (PGT-A, PGT-SR, PGT-M).

PGT-A (aneuploidies) examination or PGT-SR (structural chromosomal anomalies) Genetic tests for aneuploidy and abnormal number of chromosomes using the NSG method. Price per 1 embryo.	350 €
PGT-M examination (PGT in monogenic diseases) using karyomapping and inc. PGT-A	
Preparation for karyomapping	1 360 €
Examination of a single embryo	400 €
Karyotyping	200 €
Carrier test	480 €
Carrier test - genetic compatibility of the couple	870 €

CANCELLATION TERMS

Cancellation terms of Iscare a.s. apply to situations when an infertile couple discontinues treatment. In such a case, if the treatment is interrupted for other than serious health reasons on the part of the client, the company Iscare a.s. has the right to reimbursement of all costs related to services already provided, and therefore no funds will be returned to the client.

Each individual case of interruption of treatment due to serious health reasons on the part of the client is assessed individually with regard to the state of health and other circumstances related to the proposed treatment. Based on this assessment, ISCARE a.s. decides on the possible return of already paid funds.

In the case of treatment with donated oocytes, it also applies if the treatment is interrupted by ISCARE a.s. due to complications on the part of the donor (serious health reasons), then ISCARE a.s. reserves the right to offer clients the continuation of treatment with a new donor.

In the case of treatment with donated embryos, it also applies in case if the treated couple interrupts or postpones the treatment but is still interested in reserving confirmed embryos, more than 6 months after confirming the reservation of embryos, the reservation can be extended at the request of the infertile couple on the basis of payment amounts for preservation of biological material according to the price list for assisted reproduction services.

Isclare reserves the right to change this price list. The price of the treatment and our services is always governed by the currently valid price list on the website www.iscare.cz.
